Blue Earth County Fair Legacy Garden

Building A Strong Foundation Paver By Paver

The Blue Earth County Fair Association is a 501(c)3 non-profit organization. Our vision is "To promote the diverse agricultural and cultural heritage of Blue Earth County through active participation of its citizens."

Blue Earth County Fair would like to build a Legacy Garden, as a memorial to our past, present and future Friends of Fair. Our vision is to have a place that our neighbors, communities and donors can come to reminisce of past Fairs and friends they made at the Fair. Taking time to reflect or visit with old and new friends.

Commemorative pavers are laser engraved, which means they last a lifetime as a reminder that you care about a personal achievement, an occasion, and your community. They're a great opportunity for any occasion and are sure to make a difference in your community, or honor that special person and even just because. Engrave a paver in your name or the name of a loved one; honor a Fair Board Member or a current Board Member; honor a 4H Youth, current or past; or honor a 4H Family; in memory of a special person in your life; honor a Teacher or Student; recognize your School, or Community; mark a special date in your life (graduation, birthday, baptism, communion, anniversary, or wedding), the possibilities are endless.

Each donation made to our cause is a literal building block to Blue Earth County Fair Legacy Garden campaign success. Donate today to become a lifelong part of this worthy cause. Thank you in advance for your patronage.

We are planning for a garden/outdoor area with walkways and enjoyable greenery and maybe a covered areas to just sit and eat, talk and connect. These pavers will be part of this landscape and will give us all the opportunity to have someone or something memorialized into this beautiful space at the Blue Earth County Fairgrounds.

REMEMBER – what you type in on your order below will be exactly what gets printed on the paver, so double check before you submit your order. Thank you for being a part of the Legacy Garden Campaign and helping establish new areas for us to grow in and enjoy!!
