Who we are—

For over 162 years, the Blue Earth County Fair has been operating a county fair. On May 11, 1858 Minnesota became our 33rd State and just one year later the Blue Earth County Fair and the Minnesota State Fair were founded. It's goals were to—

- *promote agricultural, horticultural, carpentry, mechanics and home economics.*
- *help build a strong and sustainable knowledge needed by our young and old to succeed in their quest for a better, brighter future.*
- *highlight the excellent career opportunities that play in Minnesota's economy in the farm, business and home economics industries.*
- *provide assistance to the leaders and individuals needing the tools to implement these programs.*
- *maintain the grounds, buildings and land for the purposes of holding the Blue Earth County Fair.*
